SCHOOL CODE OF CONDUCT

This Code of Conduct sets out the standards of conduct and behaviour expected of students at Kingston Grammar School (“the School”).

All students should respect the aims and values of the School and be proud of their School community. They should do all they can to make the School a place in which all are treated with equal courtesy and kindness and are happy; where hard work is valued, a sense of fair treatment for all is honoured, artistic endeavour is promoted and individuality is celebrated.

This Code applies to all students on the school roll. It applies throughout the school day, whether on or off the School premises, and whenever in the care of the School, taking part in any School-organised or School-related activity such as trips and visits, travelling to and from School, wearing school uniform or in some other way identifiable as a student of the School. It also applies to any other conduct outside School (including online) that could have repercussions for the orderly running of the School, poses a threat to another student or member of the public, or could adversely affect the reputation of the School.

For school trips, there is a separate Code of Conduct which applies in addition to this Code.

All members of the School community should also be familiar with and adhere to the School's separate but related policies which are listed at the end of this Code of Conduct.
